Dear Mr. Diamond,

SUBJECT: American Business Act on Climate Change – BioAmber’s Pledge

I am writing as the Chief Executive Officer of BioAmber, a renewable chemical company that is a Delaware incorporated legal entity listed on the NYSE.

The purpose of this letter is to provide BioAmber’s pledge to support the acceleration to a low carbon economy and the steps we will take to ensure action on climate change. We welcome further guidance on our pledges. Otherwise we look forward to joining the ranks of the other companies in support of this important initiative.

I would commend you on this and the other efforts that the Administration has taken to partner with industry in respect of promoting sustainable development. We look forward to supporting your efforts through this important Conference and in the implementation of its successful outcomes.

I thank you for this opportunity.

Respectfully,
